

Norbar PTM-52 with Right Angle Gearbox, 500 N.m, Bi-Directional, Square Size: 3/4"

The PTM-52 has been designed to be one of the lightest and fastest tools of its kind available. The tool is finely balanced, light weight, and provides great access to bolts because to the extremely tiny 52mm diameter gearbox. The Right Angle Gearbox allows Norbar's electronic torque instruments to be used in a variety of situations where they are now unavailable owing to space constraints.

Specifications	Details
Range Metric	100.0 - 500.0 N.m
Air Consumption	19 litres/sec (40 CFM)
Max Air Pressure	6.3 bar
Square Size	3/4"
Range Imperial	74.0 - 370.0 lbf.ft
Length	403mm
Free Speed	224 rpm
Accuracy	±5%
Product Number	18100.B06.RA
Weight	7.11kg
Brand	Norbar
Model Number	PTM-52-500-B
Height	339mm
