

Kennedy-Pro - 3/8mm Drive, T27mm Screwdriver Bit Sockets - 6 Points

Often used in the automotive and aerospace industries. The weight to strength ratio ensures the reliability and accessibility that is important in this type of environment. Made from chrome vanadium steel, fully chrome plated with a mirror finish and aluminium-free. All have ball retaining grooves. Conform to DIN standards.

Specifications	Details
Finish/Coating	Chrome Plated
Bit Length	20mm
Socket Depth	Standard
Brand	Kennedy-Pro
Drive Type	Square
Socket Size	T27mm
Overall Length	50mm
Socket Type	Socket Bit
Drive Size	3/8mm
Number Of Points	6
Bit Type	TX
Size System	TX
Product Number	KEN5826239GTSK
