

Kennedy-Pro - 3/8mm Drive, T7mm Screwdriver Bit Sockets - 6 Points

Often used in the automotive and aerospace industries. The weight to strength ratio ensures the reliability and accessibility that is important in this type of environment. Made from chrome vanadium steel, fully chrome plated with a mirror finish and aluminium-free. All have ball retaining grooves. Conform to DIN standards.

Specifications	Details
Drive Size	3/8mm
Overall Length	50mm
Material	Chrome Vanadium Steel
Finish/Coating	Chrome Plated
Number Of Points	6
Size System	TX
Brand	Kennedy-Pro
Product Number	KEN5826232GTSK
Socket Type	Socket Bit
Bit Type	TX
Socket Size	T7mm
Socket Depth	Standard
Drive Type	Square
Bit Length	20mm
