

Engis 6x6x150mm GT150 HYPREZ HY FINISH STONE

Manufactured from carefully graded abrasive particles, mixed with the appropriate bonding agents and fired in electric or gas ovens to produce a stone suitable for roughing out cavities and dies to commercial finishes. Hyprez HY Semi-Hard Aluminium Oxide Oil filled, this stone is designed to minimise loading. Length: 150mm.

Specifications	Details
Shape	Square
Grade	Medium
Product Type	Stone
Weight	191 g
Product Number	HY0332299
Abrasive Material	Aluminium Oxide
SKU	ENG2551210GTSD
Grit	150
Depth	6 mm
Length	150 mm
Width	6 mm
Brand	Engis
