

ASCO 400125-098 | Solenoid Valve Coil | Type: 115/120VAC | Power 2.5W

The ASCO 400125-098 is a solenoid valve coil designed to provide efficient actuation for solenoid valves. Operating at 115/120VAC, this coil delivers a power rating of 2.5W, making it suitable for a range of industrial applications requiring reliable, low-energy consumption. It ensures consistent performance and quick valve response, ideal for automation, fluid control, and other process control systems. The durable construction and efficient design make it a dependable choice for a variety of environments.

Specifications	Details
Type	Solenoid Valve Coil
Voltage	115/120VAC
Power	2.5W
Frequency (Hz)	50/60HZ
Weight	0.060 kg
PRESSURE	10Bar
